Detailed Action

The Terminal Disclaimer filed 9/5/07 over application 10/618,183 and US Patent 7,097,832 is acceptable and has been entered. However, it is noted that the inventive entities of the instant application and the 10/618,183 application **are different**. The examiner in the previous Office Action neglected to require applicants to resolve the issues regarding possible issues under 35 USC 103(a) as well as 35 USC 102(e), (f) and (g). The examiner regrets any inconvenience this may cause applicants.

Claims 1, 7, 11, 36, 45, 46, 53, 62, 63, 70, 79 and 80 are directed to an invention not patentably distinct from claims 17, 19, 24, 25, 29-32 and 47-48 of commonly assigned 10/618,183. Specifically, the claims are not patentably distinct for reasons of record in the Obviousness Type Double Patenting rejection of record in the previous Office Action (mailed 6/5/07).

The U.S. Patent and Trademark Office normally will not institute an interference between applications or a patent and an application of common ownership (see MPEP Chapter 2300). Commonly assigned 10/618,183, discussed above, would form the basis for a rejection of the noted claims under 35 U.S.C. 103(a) if the commonly assigned case qualifies as prior art under 35 U.S.C. 102(e), (f) or (g) and the conflicting inventions were not commonly owned at the time the invention in this application was made. In order for the examiner to resolve this issue, the assignee can, under 35 U.S.C. 103(c) and 37 CFR 1.78(c), either show that the conflicting inventions were

Art Unit: 1636

commonly owned at the time the invention in this application was made, or name the prior inventor of the conflicting subject matter.

A showing that the inventions were commonly owned at the time the invention in this application was made will preclude a rejection under 35 U.S.C. 103(a) based upon the commonly assigned case as a reference under 35 U.S.C. 102(f) or (g), or 35 U.S.C. 102(e) for applications pending on or after December 10, 2004.

Any rejections not repeated in this Office Action are withdrawn.

No Claims are allowed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Guzo, Ph.D., whose telephone number is (571) 272-0767. The examiner can normally be reached on Monday-Thursday from 8:00 AM to 5:30 PM. The examiner can also be reached on alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph Woitach, Ph.D., can be reached on (571) 272-0739. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
